SITUATION IN PORTUGAL

Royalists Will Not Abandon Monarchy.

the impossible to ascertain, but there many horizon in different parts of the country, and in the Lisben forts and prisons about 1898. The tribunals to the country of the great event which shall have the great event which shall have the of settling the country one way wonderful, piece of Lace.

wonderful piece of LACE.

Special Cubic to The Times Dispatch.

Louison. November 15.—Among the many large and beautiful objects that for the republic is devoted to spying out suspicious craft. Every boat company for an adversarial piece of the should be the lace of Belfast from the forth. So much have these "phantom" salps got on the nerves of the defenders that the loss of the San Eafsel guilboat, whilst making for John and admitted at the moment to be due to the default of the navigating officer, is now stated to have been caused by a torpedo from a Royalist labily.

Evidently Turkey's star has set, the willight of her gods is turning into the wonderful piece of lace are so flies as to make the companies of the shoulders.

be reported. Hitherto the cost of wires has kept the blessing of cheap telegraphic communication from the bulk of mankind." This is the comment of J. Henniker Heaton, the strenuous advocate of postal reform upon the great word; care as a scissors grinder in Sheffield, and married on a locate of postal reform upon the great word; care as a scissors grinder in Sheffield, and married on a lighted with electricity until they wort \$100,000.

This scheme, with its untold possibilities, is but one amongst several accounting for the recent extraordinary result of very hard work and thrifty activity in the "Arabian Nights".

Reaching the jawel-room M. Riche-marked the officials escorting him threaded their way through a regular maze of stone stairways and passages lighted with electricity until they worth \$100,000.

He was David Fenby, glass and chim dealer, the proprietor of a very large business, which he acquired as a gigantic cavern, surrounded by steel bars. Once inside the chief lapidary informed the poet that he would now see \$1,250,000 placed on the would now see \$1,250,000 placed on the step of the communication from the bulk to great a science of the communication from the bulk to great a science of a very large business, which he acquired as a gigantic cavern, surrounded the poet hat he would now see \$1,250,000 placed on the science of the communication from the bulk to give in and the officials escorting him threaded their way through a regular maze of stone stairways and passages lighted with electricity until they work and the officials escorting him threaded their way through a regular maze of stone stairways and passages lighted with electricity until they work and their way through a regular maze of stone stairways and passages and the officials escorting him threaded their way through a regular maze of stone stairways and passages and passages and passages are stairways and passages and passages and passages are stairways and passages and passages are stairways and passages are stairways and passages a
